

# Energy Savings Maintenance Plan

The AccuTemp Energy Savings Agreement is a 12 month program that includes:

- 2 Precision Tune Ups
- 10% discount on repairs year round
- 20% discount on repairs approved during the Precision Tune Up visit

**Best of all** it is backed by our *ESA Guarantee*, an industry exclusive! Should your system fail within 6 months of the Precision Tune Up from something we did not bring to your attention, we'll make the repair and not charge for labor! Stop paying money to companies to do maintenance, only to be charged full price for a repair three months later. Get our Energy Savings Agreement today! For more details on the ESA Guarantee, contact our customer service dept at **602-957-3745**.

- Maintained systems last longer.
- A well-maintained system is more energy efficient.
- Having your system maintained is the best way to avoid breakdowns.
- Maintenance is the best way to prevent minor repairs from causing major ones when left unchecked.

Complete below & return

- Manufacturers, utilities and consumer publications all recommend regular maintenance.
- This program meets/exceeds all such recommendations.
- We stand behind our work with the exclusive ESA Guarantee!
- See reverse for details

### Terms and Conditions

ESA Discounts;

Discounts obtained through the purchase of an Energy Savings Agreement may not be combined with any other promotions, discounts or specials.

**ESA Guarantee:**

- The guarantee is not available on systems over ten years old.
  - Should the system break down within six months of our Precision Tune Up for reasons that were not brought to the customers attention at the time of the Precision Tune Up, when AccuTemp makes the repair, the customer will not be charged for the labor. Resulting in a discount of 50% off the normal repair price.
  - Repairs suggested but declined during a Precision Tune Up are not covered.
  - The ESA guarantee is not valid outside of the one year coverage of the ESA.
  - The ESA guarantee only provides for AccuTemp to make the repair and does not provide for repairs made by others and has no cash value.
  - The ESA Guarantee only covers cooling components after spring visit and heating components after fall visit.
-
